

“ Campaign of report and accusation to improve promotion and selling systems carried by Walt Disney Studios Japan ”

Dear The Walt Disney Company person in charge of the marketing overseas.

Hello, I am \_\_\_\_\_ .

I apologize for being straight to the point, but let me tell you the main topic. The promotion and selling systems of Walt Disney Studios Japan about MARVEL CINEMATIC UNIVERSE movies, all of them are insulting the feeling of Japanese fans. We see two serious problems in particular.

- a. Walt Disney Studios Japan keep hiring amateurs for the Japanese dubbing versions of MARVEL CINEMATIC UNIVERSE movies.
- b. Walt Disney Studios Japan make an extremely terrible Japanese trailer and posters which ruin and spoil the movie so much.

Of course, we protested against the Walt Disney Studios Japan by sending mails and messages over and over.

However, Walt Disney Studios Japan has completely ignored our requests.

“ You don't build it for yourself. You know what the people want and you build it for them. ”  
Walt Disney Studios Japan seem missing the spirit of Mr. Walt Disney.

Therefore, I , \_\_\_\_\_ participate in “ Campaign of report and accusation to improve promotion and selling systems carried by Walt Disney Studios Japan ” and strongly wish that you The Walt Disney companies improve the promotion and selling systems of the Walt Disney Studios Japan. We, Japanese fans expect following five points to be done to improve Marvel Movies in Japan.

1. Remake and Resell the DVDs/Blu-ray which contain the new Japanese dubbing versions in which ONLY skilled professional voice actors dub characters whom the amateur talents once dubbed in “ THE AVENGERS ” , “ CAPTAIN AMERICA:THE WINTER SOLDIER ” , and “ GUARDIANS OF THE GALAXY ” .
2. Sell DVDs/Blu-ray of “ AVENGERS:AGE OF ULTRON ” which contains the new Japanese dubbing versions in which ONLY skilled professional voice actors dub characters whom the amateur talents once dubbed, as well as “ 1 ” .
3. Stop hiring amateur talents for the Japanese dubbing versions of MARVEL CINEMATIC UNIVERSE movies anymore.  
( But this does not need to be kept only if amateurs dub trivial and tiny roles, not main characters )
4. Never let the MARVEL CINEMATIC UNIVERSE movies spoiled by trailers and posters.
5. Hire “ Professional ” designers when making the Japan original poster and trailer of the MARVEL CINEMATIC UNIVERSE movies.  
( I can not believe that professionals work for them after distribution shifted to the Walt Disney Studios Japan )

We hope and believe your company inherits the spirit of Mr. Walt Disney and force Walt Disney Studios Japan to improve the Japanese dub and posters for Japanese fans of the MARVEL CINEMATIC UNIVERSE.
